Kansas Personal and Family Protection Act  
K.S.A 75-7c01 et. seq.

UPDATED RENEWAL PROCEDURES IN RESPONSE TO COVID-19

Kansas Attorney General Derek Schmidt (OAG) understands that the COVID-19 pandemic has affected many Kansans in a multitude of ways. One way some Kansans are being affected is with their inability to meet the ordinary renewal requirements for their concealed carry handgun licenses (hereinafter “CCHL”). Many licensees that were already approved for renewal are unable to have their CCHL plastic card renewed because of Kansas department of revenue (KDOR) closures.

Using a variety of available administrative laws, the OAG is implementing several modifications and accommodations to the CCHL renewal process in order to help those CCHL holders who are facing the hurdles outlined above. Subject to conditions and limitations noted herein, until December 31, 2020 (or until otherwise modified by the OAG), the OAG is offering the following, temporary accommodations:

A. Forgoing collection of late fees which may have ordinarily been required of an applicant when filing their renewal application after its expiration date.

B. Offering a modified renewal application form which will allow the applicant to provide an unsworn declaration - rather than a notarized statement - of their continuing eligibility for a CCHL.

Expanding Out:

A. Conditions and limitations of the late fee waiver include:

1. This waiver will apply to all “late” applications even if the CCHL being renewed expired prior to March 12, 2020 (when the state of disaster emergency was first declared by Governor Kelly).
2. This waiver will allow those whose CCHL would have permanently expired on or between March 12, 2020 and December 31, 2020 to submit a renewal application (rather than having to start the application process all over as is ordinarily required) and avoid the late renewal fee.

3. This waiver will NOT apply, however, to those whose CCHLs “permanently expired” before March 12, 2020 or on or after January 1, 2021.

4. Those who have already provided the late application fee of $40 will not be provided with a refund of the $15 late fee.

B. The modified renewal application form can be found here: [http://www.ag.ks.gov/concealed-carry/renewals](http://www.ag.ks.gov/concealed-carry/renewals). The modified renewal application includes an unsworn statement in Section I, rather than a notarized statement, as is allowed by K.S.A. 53-601. Please read and complete Sections II and III prior to completing Section I.
